Mortgage Assistance Center Options

The following are loss mitigation options that the Mortgage Assistance Center (MAC) offers. You must submit a complete customer hardship application and qualify for an option based on applicable underwriting criteria.

| OPTIONS TO REMAIN IN YOUR HOME | OVERVIEW | BENEFIT |
|---------------------------------------|---|---|
| Forbearance Plan | If you have no income, a payment forbearance suspends monthly mortgage payment for 3 months. | Payment forbearance allows you time to gain employment if unemployed or make additional income. |
| Rate/Term Modification | A rate/term modification modifies the mortgage rate and/or term. | A rate/term modification makes your payments more affordable or manageable. |
| Deferred Arrearage Modification | If a borrower can still afford the existing mortgage payment, a deferred arrearage modification defers payments of a borrowers arrearages. | A deferred arrearage modification allows you to continue making the same mortgage payment* by deferring the arrearage rather than capitalizing the arrearage. *Subject to escrow adjustments |

| OPTIONS TO LEAVE YOUR HOME | OVERVIEW | BENEFIT |
|----------------------------------|---|--|
| Short Sale | When you have no equity in the home, a short sale option allows a sale for less than what is owed. Payment of the shortfall may be required. | A short sale allows you to leave the home without going through foreclosure. |
